

Escuela
Sierra Nevada®

Preschool • Elementary • Middle School • High School

Welcome to our family

We are a driving force for **transformation**
through our educational community.

We foster a culture of individual expression with a global perspective. Our goal is to equip students with the skills to turn knowledge into action and become meaningful contributors to the world around them.

A Sierra Nevada student is fluent in English and communicates with confidence in both academic and professional environments. Our preschool and elementary programs also include French as part of their curriculum.

100% online High School

Our story

Escuela Sierra Nevada was founded in 1950 as a secular, bilingual, and bicultural academic initiative that combined Mexican and U.S. programs in a coeducational environment. Over time, it has grown into a dynamic, multicultural institution with international standards, offering education from Preschool through High School.

We have continued to enrich our academic model by adopting a variety of teaching approaches while remaining grounded in the core values that define us: respect, diversity, empathy, determination, and authenticity.

Our mission to educate and inspire future generations is reflected in every classroom, every project, and every graduate.

Sierra Nevada is more than a school. It is a true community where each student is seen, supported, and valued.

Our impact

70+	7	23+	33%	300+	20+	7+
years educating global citizens	campus	nationalities represented	of graduates receive scholarships to top universities worldwide	partnerships with national and international universities	extracurricular activities	international certifications

Our Mission

We nurture individuals with **deep roots and their own wings**, capable of transforming the world with purpose.

Our Vision

To be recognized as an **educational community of excellence, a builder of peace with a global vision**, that inspires and empowers our students to excel in any context, to lead initiatives focused on caring for the world, and to positively impact their surroundings.

Athletic Facilities

Our modern facilities include soccer, basketball, and volleyball courts, as well as a fully equipped gym at our San Mateo campus, encouraging physical development and teamwork.

Artistic Facilities

Our Sunland campuses in Colonia Roma include professional studios for dance, music, theater, film, and visual arts, all fully equipped to provide students with a creative and inspiring environment

Technology

We integrate technology into everyday life and use it as a tool across our academic programs:

- **Tablets • Laptops**
- **Multimedia Classrooms • Digital Labs**
- **Academic Platforms**

STEAM

Our STEAM Classrooms (Science, Technology, Engineering, Art and Mathematics) are interactive spaces where students explore, design, and experiment with technology to foster creativity and problem-solving skills.

Multicultural education with international standards

We are dedicated to creating and delivering academic programs that give students a strong foundation for future studies and encourage them to make a meaningful impact in the world.

At **Sierra Nevada**, we value both excellence and effort in every aspect of student life, from academics to sports to personal development. We believe every student has unique talent and potential. Our role is to help them recognize it, develop it, and take ownership of their growth as they pursue their goals.

Learning Beyond the Classroom

Our extracurricular activities are designed to complement academic growth, giving students a space to discover their potential, strengthen their skills, and build leadership. From sports to the arts, Club Sierra opens the door to a world of opportunity that inspires greatness and prepares students for a bright future.

KIDS Powerhouse

Unleashing Every Child's Genius

Kids Powerhouse offers a collection of innovative workshops created to nurture well-rounded development in early childhood. Through engaging and playful activities, preschoolers strengthen their imagination, improve motor skills, and build social confidence as they begin to explore their full potential in a world full of possibilities.

Nurturing Their Potential from the Start

Mini Club Sierra isn't just extended care. It's a place where the youngest members of our community begin to explore, create, and grow with confidence. With caring guidance, healthy meals, and playful activities in English, children in Maternal, KI, and KII enjoy afternoons filled with discovery, imagination, and fun.

Preschool

Full English Immersion + French Classes Early Years Program (Maternal to Prefirst)

The early years are where lifelong learning begins.

In a warm and supportive setting, children start to connect with the world around them, build friendships, and develop essential skills through play and exploration. We focus on nurturing their confidence, curiosity, and social (emotional growth) setting the stage for a strong and joyful start to their educational journey.

Our Approach

- Emotional and social development
- Sensory development and creativity
- Social skills: sharing, setting boundaries, following rules
- Academic foundations: vocabulary, phonetic awareness, and basic English phrasing

Elementary

100% Bilingual + French

1st to 5th Grade

A transitional stage where students develop habits, skills, and attitudes that support bilingual learning and prepare them for Middle School. Our academic program reinforces oral and written communication, math, observation, research, critical thinking, and artistic expression.

Our Approach

Focus on social, emotional, artistic, and motor development to foster:

- **Habits**
- **Skills**
- **Attitudes**
- **Aptitudes**

Middle School

100% Bilingual + French

6th to 8th Grade

As students grow, they encounter new challenges and opportunities to further develop their emotional and intellectual potential. Middle School requires expert staff such as counselors, grade-level coordinators, and psychologists to meet their evolving needs.

With specialized teachers and extended hours, we shape the learning experience to encourage a deeper understanding. Digital platforms and our Sierratab program support continuous learning, helping students stay engaged and prepared for high school and beyond.

Our Approach

Deep Learning in 6 key areas:

- Creativity
- Collaboration
- Character development
- Communication
- Critical thinking
- Citizenship

Grade-level coordinators and an interdisciplinary curriculum make each class active and project-based. Counselors also offer personalized support to guide students as lifelong learners.
